1.02 Accumulation of Refuse. Any accumulation of refuse on any premises, improved or unimproved, or upon any public street, alley or other public place is hereby declared to be a nuisance and is prohibited.

The owner, owners, tenants, lessees or occupants of any lot within the corporate limits of the Town upon which such storage is made, and also the owner, owners, lessees of such personalty involved in such storage (all of whom are herein after referred to collectively as "owners"), shall jointly and severally abate such nuisance by the prompt removal and proper disposal of such personalty.

1.03 Abatement by Town. Whenever the Town Council shall direct, the Town Clerk shall immediately thereafter notify any owner of property, his agent or any person having charge of such property, in writing, that an order has been made by the Town Council requiring the removal of any accumulated refuse from such property or premises within thirty days after service of notice. If such property owner, agent or person having charge of such property shall not remove such refuse in accordance with the requirement of such order, the Town Council may order that such refuse be removed by an agent of the Town Council and assess the cost thereof against the property or the premises. The amount so assessed shall be a lien upon such property until the same is paid; provided, that in case of failure to pay such assessment within ten days after the same shall be made, the Town Clerk shall cause a notice of such assessment to be given to the owner of such property by publishing in a newspaper in the county for two successive weeks, which publication shall contain a notice to such property owner of the amount assessed against his property, and shall designate a time and place when the Town Council will hear any objections as to the adjustment and corrections of the amount assessed. If such assessment is not paid within ten days after the time fixed for hearing such objections, and unless the same are sustained, the Town Clerk shall certify such assessment to the county treasurer to be placed by him on the tax list for the current year, to be collected in the same manner as other taxes are collected, with twelve percent penalty to defray the

cost of collection, and provided by the laws of the state.

1.04 Accumulation and Deposit of Garbage, etc., Prohibited. No person shall deposit or place any garbage, rubbish, waste material or ashes in such a manner that the same is or tends to become a nuisance or in such a manner endangers or tends to endanger the public health. No person having the occupancy, control or management of any premises shall cause or permit any garbage, waste material, rubbish or ashes to be accumulated thereon in such a manner that the same is or tends to become a nuisance or in such a manner as endangers or tends to endanger the public health. No person shall in any manner throw, place, scatter, deposit, or bury any garbage, rubbish, waste materials or ashes in or upon any public street, alley or other public place or upon his own premises or the premises of another.

1.05 Refuse Not to be Thrown in Street, Vacant Lot, etc. No hay, straw shavings, excelsior, paper or other combustible material, sod, lawn mowings, leaves, weeds, ashes, glass, bottles, broken glass, nails, tacks, wire, cans, rocks, stones or rubbish of any kind or nature whatsoever or any other refuse or material shall be thrown or swept into any street, sidewalk, gutter, sewer, intake, alley, vacant lot or other property.

1.06 Responsibility of Owners, Lessees, etc., For Refuse, etc., on Premises. It shall be the duty of every person, whether owner, lessee or renter of any vacant lot, building or premises, including any place of business, hotel, restaurant, dwelling house, apartment, tenement or any other establishment, at all times to maintain the premises in a clean and orderly condition, permitting no deposit or accumulation of refuse or materials other than those ordinarily attendant upon the use for which such premises are legally intended. Any such accumulation shall constitute a nuisance, and shall be nonconforming in the use of such premises.

1.07 Building Materials, etc., To be Removed from Construction Sites. All plaster, broken concrete, bricks, cinder blocks, stones, wood, roofing materials, wire or metal binding, sacks or loose discarded or unused material of any kind resulting from the wrecking, constructing or reconstruction of any room, basement, wall, fence or sidewalk or building shall be promptly removed or discarded in such a manner as not to be scattered about by the wind or otherwise, and as soon as possible be removed by the person responsible for such work. Such person shall be held liable for any scattering of such refuse upon adjacent property.
