

Town of Larkspur Clean-up Day

The date for property clean-up within the Town of Larkspur is Saturday, May 20, 2017, with a rainout date of Saturday, May 27, 2017. Due to a lack of available volunteers this year, we will **NOT** be doing a house-to-house pick up. Instead, residents will be responsible for loading and hauling items to the Town Maintenance Yard at 9010 Frank Road. The yard will be open and staffed from 9:00 a.m. to 4:00 p.m. on that day.

We will not accept the following items:

Tires, batteries of any type, paint, household or garden chemicals, electronics, and general household trash. Town staff on scene will inspect your load and will be authorized to not accept items that fall in the categories not allowed. On May 20th, Douglas County will have a Household Chemical Roundup. You can drop off chemicals at the Parker Joint Services Center at, 17801 E. Plaza Drive in Parker. The hours will be from 9:00 a.m. to 3:00 p.m. For more information please visit, <http://www.douglas.co.us/douglas-county-household-chemical-roundup-may-20-2017/>.

If residents have made all attempts possible to load and haul items themselves, the Town can be contacted to make arrangement for pick up the week following the clean-up date. Also, if you have additional items to haul during the week following the clean-up date, contact Town Hall at 303-681-2324 to make an appointment for staff to meet you at the yard during working hours of 7:00 a.m. and 3:30 p.m.
